Department of Employment and Labour brings services to the people of Matatiele

As part of bringing government services closer to the people, the department of Labour and Employment in the Eastern Cape facilitated the “Taking Services to the people” roadshow for the people of Matatiele. The roadshow took place on the 22 of April 2021, at North End Stadium. The much needed services provided by the department were in response to the backlog that Matatiele area is currently facing, this due to the fact that there are no permanent offices in the area, a solution that the department is working on.

Services that were provided on the day were among others, was the registration of youth in the department’s database, to assist former employees including those who worked in the mines to apply for their unclaimed pension benefits from various employers, the Unemployment Insurance Fund (UIF) partnered with Walter Sisulu University to implement learnership programmes for 5500 learners in the Eastern Cape with 300 learners coming from the Alfred Nzo district over a period of three years. All learners are recruited from the Departments’ Employment Services of South Africa (ESSA) database most being UIF beneficiaries in order to re-skill them to be self-employed or generate economic activity in the area.

The roadshow was graced by the presence of Minister Thulas Nxesi who was joined by the Mayor of Matatiele local municipality Cllr Momelezi Mbedla and the district’s tribal authorities welcomed and acknowledged the initiative by sighting the much needed services for the people of Matatiele. The Communications Unit interviewed few beneficiaries who were happy to receive the services in one place, this was witnessed by words of gratitude from a young person by the name of Miss Lulama Mkhontwana from Small location in ward 22 who was assisted to register on the department’s database. The Minister discouraged the fraudulent practice of certain individuals who promise desperate people jobs in exchange of money. The Minister made it very clear that the Department does not offer its services in exchange for money.

MLM conducts Autism workshop for caregivers

Autism is a developmental disorder with symptoms that appear within the first three years of life. Its formal diagnostic name is autism spectrum disorder. The condition typically starts during childhood and continues into adulthood, the conditions is characterized by challenges with social skills, repetitive behaviors, speech and nonverbal communication. Managing the daily lives of typically developing children during lockdown is challenging for caregivers of a child who has autism.

It is with this background that Matatiele Local Municipality's Special Programmes unit which deals with people with special needs decided to conduct an Autism workshop for caregivers on the 20th April 2021 at the municipal BTO building under the theme "The Transition to Adulthood" this theme encourages caregivers to be prepared to best help their children throughout the different stages of their lives.

MLM takes IDP / Budget to the people

Matatiele local municipality had from the 6th to the 09th of April 2021 conducted road shows aimed at presenting to communities, draft budget for 2021 / 2022 fiscal year.

The roadshows were conducted in all Matatiele wards. "On behalf of the Matatiele local municipality Council, I would like to extend a word of gratitude to all citizens of Matatiele, for coming out in numbers to participate in decisions and government processes that affect them", said Mayor Cllr. Momelezi Mbedla. Planned projects and programmes for the next financial year were also shared with communities.

This legislated programme gives each community member the power to make their voices heard and also to encourage public participation.
